

PRODUCT DATA

240PA Parts Washer Advanced (Formerly BEAN•e•doo® Partwasher Advantage)

BLUE BEAR® 240PA is designed to remove light rust along with oil, grease, and grime from industrial parts and equipment. This special formulation contains no petroleums, is virtually odorless, and is safe to use. Made with 100% American Grown Soybeans, **240PA** is an ideal replacement for any shop using petroleum parts cleaners.

Application:

Gloves recommended for use. Do not dilute **240PA**. Soak part to be cleaned. To decrease soaking time, periodically scrub part with a wire or heavy bristled brush. Heavier rust may require soaking overnight.

Clean Up:

Use compressed air or wipe with a damp rag to remove all residue.

Usage Tip from the Pros:

May be heated to 100°F (37.8°C) to improve performance.

Biodegradable:

Meets or exceeds ASTM standards

Precautions:

Dispose of any waste according to local regulations. Remember to properly dispose of rags to prevent the possibility of combustion. Used rags should always be stored in UL listed (or equivalent approved) covered containers. Avoid eye contact. Gloves are recommended for use.

Warnings:

Causes severe skin burns. Causes severe eye damage. May cause respiratory irritation or may cause drowsiness or dizziness. May be harmful if swallowed. Keep out of reach of children.

Flash Point:

Above 425°F (218.33°C)

pH Level:

6.65 pH of 1/10 wt/wt solution in soft water

VOC (Volatile Organic Compounds):

<3%, 0.22 lb/g, 26 g/l, California and OTC Compliant

Ingredients: Soy Ester, Soft Acid, Proprietary Surfactant Blend
