PRODUCT DATA

Concrete Dissolver 770CD

Keep your tools, trucks and other machinery free from concrete build-up with **BLUE BEAR® Concrete Dissolver 770CD**. This concentrated formula dissolves concrete so it can be easily washed away. Can be used with a pump sprayer or soaked with small tools. Easy to use and 100% biodegradable, **Concrete Dissolver** is the safer way to keep your job site in great shape.

Mixing: Dilute up to 15:1 with water depending on application and size of job.

Application: Spray mixed **Concrete Dissolver** onto surface with pump or airless sprayer (Seals and gaskets must be chemical resistant). **Concrete Dissolver** should begin to foam upon contact with concrete. Scrub surface as needed. Let sit for a few minutes. Heavy buildups may take more than one application.

For tools: Fill a container with enough mixed **Concrete Dissolver** to cover the surface. Let tools soak in mixture for a few minutes.

Clean Up: Rinse surfaces and tools thoroughly with water or power washer, depending on size of surface.

Storage: Keep container closed when not in use.

Precautions: Corrosive to aluminum only. May discolor stainless steel, polished brass and chrome. Wear eye or face protection. Wash hands thoroughly after handling. Do not eat, drink, or smoke while using this product.

Biodegradable: Meets or exceeds ASTM standards

Flash Point: Above 200°F (93.33°C)

pH Level: 0.7 pH of 1/10 wt/wt solution in soft water

DANGER: May be corrosive to metals. Causes serious eye damage. Harmful if swallowed. Keep out of reach of children.

Ingredients: Urea monohydrochloride, water, ethoxylated alcohol

VOC (Volatile Organic Compound) content:
2.46%, 0.2 lb/g, 23.94 g/l, California and OTC compliant
