PRODUCT DATA

Hard & Porous Surface Graffiti Removers

Removing graffiti has never been easier! Remove unwanted graffiti, marker and other "tags" from concrete and block surfaces, lockers, road signs, rail cars and anywhere else graffiti is found. Maintain original appearances without the need for repainting.

Hard Surface Graffiti Remover 680HS

Application: Spray **Hard Surface Graffiti Remover** on surface to be cleaned and gently scrub with a paper towel, cloth, or scrub pad. Graffiti should immediately begin to lift from surface. If ghosting remains, repeat process.

Clean Up: Use **BLUE BEAR® Emerge™ 700DG Cleaner & Degreaser** or soap and water with a paper towel, cloth, scrub brush or mop to clean remaining residue.

Safe for use on: Metal, glass, painted wood surfaces and some non-reflective traffic signs.

Do not use on: PVC, drywall, limestone, terrazzo tile, rubber, plexiglass or other clear acrylic sheets.

Precautions: Concrete surfaces may darken with use of **Hard Surface Graffiti Remover**. Protect plants and vegetation with a plastic drop cloth. Always use care to prevent overspray from getting on surfaces other than the one being prepped or cleaned. Avoid contact with eyes and skin. In case of contact with eyes or skin, flush thoroughly with water. Wear safety glasses to prevent product overspray from resulting in possible eye irritation, chemical-resistant gloves to protect from skin irritation and dryness, and work-appropriate shoes. Keep container closed when not in use.

Biodegradable: Meets or exceeds ASTM standards

Flash Point: Above 200°F (93.3°C)

pH Level: Neutral

CAUTION: Causes skin irritation. Causes serious eye irritation. May be harmful if inhaled. May be harmful if swallowed. Keep out of reach of children.

Ingredients: Benzyl alcohol, dibasic ester, soy methyl ester, surfactants

VOC (Volatile Organic Compound) content: 1.5%, 0.1 g/L, 14.4 lbs/gal

Porous Surface Graffiti Remover 682PS

Application: Spray **Porous Surface Graffiti Remover** on the surface to be cleaned and allow to sit for a few minutes. Use either a stiff, natural bristled brush or a metal brush to agitate. Wait until paint starts to buckle or lift before power washing. Heavier coatings may require reapplication of product before power washing. Repeat entire process if necessary.

Clean Up: Use **BLUE BEAR® Emerge™ 700DG Cleaner & Degreaser** or soap and water and a scrub brush or power washer to clean remaining residue.

Safe for use on: Concrete, brick, stone, landscaping block, bare brick

Do not use on: PVC, drywall, limestone, terrazzo tile, rubber, plexiglass or other clear acrylic sheets

Precautions: Concrete surfaces may darken with use of **Porous Surface Graffiti Remover**. Protect plants and vegetation with a plastic drop cloth. Always use care to prevent overspray from getting on surfaces other than the one being prepped or cleaned. Avoid contact with eyes. In case of contact with eyes, flush thoroughly with water. Avoid prolonged contact with skin. Wear safety glasses to prevent product overspray from resulting in possible eye irritation, chemical-resistant gloves to protect from skin irritation and dryness, and work-appropriate shoes. In poorly ventilated or non-ventilated areas, use of a NIOSH certified (or equivalent) organic respirator is recommended.

Biodegradable: Meets or exceeds ASTM standards

Flash Point: Above 200°F (93.3°C)

pH Level: 8.1 pH of 1/10 wt/wt solution in soft water

DANGER: Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation or may cause drowsiness and dizziness. May be harmful if swallowed. May cause reproductive harm. Keep out of reach of children.

⚠ WARNING: This product can expose you to the chemical n-methyl-2-pyrrolidone which is known to the state of California to cause birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

Ingredients: N-methyl-2-pyrrolidone, benzyl alcohol, dibasic ester, soy ester, ethoxylated alcohol

VOC (Volatile Organic Compound) content: 29.1%, 290.8 lb/g, 2.4 g/l
