Taking off difficult, high-oil type asphalts is a snap with BLUE BEAR ASPHALT REMOVER. Effectively removes modified asphalts, polymers, top coating, coal tar, and tac-coatings, keeping equipment and tools clean and free of build-up. Not only is BLUE BEAR ASPHALT REMOVER a great cleaner, it’s a great protectant as well. Pre-applying to metal surfaces before using helps to keep asphalt from bonding tightly to the surface, making cleaning easier than ever!

Coverage:
Average coverage is 100-200 sq ft per gallon.

Application:
Spray undiluted ASPHALT REMOVER directly on asphalt build-up. Let sit until build-up has softened. Thicker build-ups may require multiple applications or longer dwell times.

Clean Up:
Spray clean with pressured hose or power washer.

Usage Tips from the Pros:
• Pre-apply ASPHALT REMOVER to clean metal surfaces to help prevent asphalt from bonding.
• For large machinery or application areas, use a pump-up sprayer with chemical resistant seals.
• Build-ups of more than ½” thick may require multiple applications.

Biodegradable:
Meets or exceeds ASTM standards

Precautions:
ASPHALT REMOVER is designed to break down asphalt based surfaces. Protect surfaces not intended for ASPHALT REMOVER.

Warnings:
May cause mild skin irritation. May cause eye irritation. May be harmful if swallowed. Keep out of reach of children.

Flash Point:
Above 425°F (218.33°C)

pH Level:
6.65 pH of 1/10 wt/wt solution in soft water

VOC (Volatile Organic Compounds):
2.3%, .06 lb/g, 20 g/l

California and OTC Compliant

Ingredients:
Soy Ester, Proprietary Surfactant Blend
