

**BEAN•e•doo®**

**360AR**

**Asphalt Release**

For Metal Surfaces and Tools

**ORIGINAL FORMULA**

- Increased and Improved Releases
- Less Bonding of Hot Mixes
- Made with 100% American-Grown Soybeans

5 Gallons 640 FL OZ (18.9L)

CAUTION: EYE AND SKIN IRRITANT. See back panel for additional precautions. Keep out of reach of children. ©1999

# BEAN•e•doo® 360AR Asphalt Release

## REMOVE ASPHALT QUICKLY & SAFELY

- Prevents hot mixes from bonding to metal surfaces
- Low-odor, low-VOC formula made with 100% American-grown soybeans
- Enhanced slips and less clean-up
- Easier clean-up than traditional petroleum cleaners

# PRODUCT DATA

## BEAN•e•doo® 360AR Asphalt Release

**BLUE BEAR® BEAN•e•doo® 360AR Asphalt Release** is specially formulated to replace petroleum-based and soap-based asphalt releases. Typical releases leave behind large, stuck-on build-up. **BEAN•e•doo** holds up to the high temperatures of hot mixes, allowing it to keep hot mixes from bonding to metal surfaces. Used full strength or diluted, **BEAN•e•doo** provides enhanced slips and less clean-up at the end of the day.

### Usage Tips:

- Use a pump-up sprayer with chemical resistant seals for easy application.
- **BEAN•e•doo** can be used with facility mechanical spray systems.

**Dilution:** On average, no dilution will provide 4 or more slides, 5:1 dilution will provide 3-4 slides, 10:1 dilution will provide 2-3 slides and 20:1 dilution will provide 1-2 slides.

**Application:** Spray a light coat of **BEAN•e•doo** to metal surface to prevent sticking of asphalt hot mix.

**Clean Up:** Spray clean with pressured hose or power washer.

**Storage:** Keep container closed when not in use.

**Precautions:** Do not over-apply **BEAN•e•doo**.

**Biodegradable:** Meets or exceeds ASTM standards

**Flash Point:** Above 425°F (218.33°C)

**pH Level:** 6.65 pH of 1/10 wt/wt solution in soft water

**CAUTION:** May cause mild skin irritation. May cause eye irritation. May be harmful if swallowed. Keep out of reach of children.

**Ingredients:** Soy ester, proprietary surfactant blend

**VOC (Volatile Organic Compound) content:**  
2.3%, .06 lb/g, 20 g/l California and OTC Compliant
